## WORK EXPERIENCE

### Freelance, Tyumen – HTML/CSS developer

August 2018 – October 2018

I have experience in freelancing. Some of the orders I took were: adding functionality to a website for children's parties, as well as changing a landing page for the sale of stretch ceilings from Russian into English.

## PERSONAL PROJECTS

### My personal website – [kuvshanov.me](https://kuvshanov.me)

I have a personal website. There I post my educational and personal projects, as well as projects for university and hackathons.
